

Services for institutional clients: the greater the responsibility, the more important is a reliable partner.

As an investor, your goal is to find a partner to whom you can entrust your assets in full peace of mind. With our diligence and transparent structures, we can provide expert and personal assistance in all domains – regardless of whether you want to grant an asset management mandate or are simply looking for an experienced advisor.

What sets us apart

- Flexibility through manageable and transparent structures
- Personal assistance directly from the portfolio manager
- Independent research without any conflicts of interest
- Personalised management of the mandate in line with your specific requirements
- High level of security thanks to systematic risk control
- Use of third-party products with a best-in-class approach
